## BTX7000

### Battery Powered Banding Tool

*Patent Pending*

Hayata's BTX60000 was the first battery-powered banding tool on the market. Today, the NEW **BTX7000** carries on this innovative tradition by making the installation of coated or uncoated 1/4" to 3/4" bands easier than ever!

### Features

- 18-volt Lithium Ion battery delivers 50% longer life,\* recharges in 30 minutes and operates at low temperatures (-4°F / 20°C). Two batteries included
- Low battery indicator
- 26% lighter unit weight\* and new hex grip design for easier handling during installations
- Variable torque adjustment – up to 535 lbs
- Built-in trigger activated work light
- 5:1 productivity ratio advantage over standard tools (20% performance improvement\*)
- Easy to use manual cut-off lever
- Delivers uniform tension for each installation, which means constant tensioning for the entire job
- Offers more control over tension vs. manual tools, lowering risk of damage to the cable jacket

*\* Compared to BTX6000*

*Built-in trigger activated work light for low-light installations*
